MEMORANDUM

TO: Yukon School Administrators, School Councils, YTA Staff, YTA President, CFSY,
Education Staff

FROM: Albert Trask
Assistant Deputy Minister of Public Schools

RE: Family of Schools/Area Configurations for 2013-2014

Attached you will find a re-configuration of schools according to the family/area category for the school year 2013-14. The summation of the changes entailed is that there will be four family/area groupings instead of three. This action was taken after careful discussion and reflection. The rationale for such was the overarching goal of further ensuring that the Family/Area of Schools framework continues to connect supportively to our strategic goal of "Success For All Students". This action also supports all of us in moving progressively along the continuum of "increased organizational effectiveness and efficiency" as they apply to program and service delivery. With those thoughts in mind we look forward to working with you in this new school year.

Thank you,

A handwritten signature in blue ink, appearing to read "Albert Trask".

Encl. Family of Schools/Area Configurations 2013-2014
