

# Yukon School Council Leaders' Summit

## October 04, 2019

# Our Vision

# **Living in Yukon Thriving in Life**

**Public education in Yukon must be rooted in the collective values and aspirations of all its citizens, based on a foundation of active partnership with each community and government to government relationships with Yukon First Nations.**

**Our goal is to support all learners in developing the essential skills, knowledge and personal qualities that they need to thrive in life. Parents and communities play a fundamental role as we work together to foster lifelong learning.**

# **Advisory Committee on Yukon Education- update**

The Advisory committee provides advice to the Department of Education on education related matters. The partners represented on this committee include:

- Educators and the Yukon Teachers' Association
- Association of Yukon School Administrators
- Yukon First Nations and the Council of Yukon First Nations
- School Councils, the Association of Yukon School Councils, Boards & Committees and the Catholic Education Association of Yukon
- Commission scolaire francophone du Yukon – Yukon Francophone School Board
- Yukon College
- Department of Education staff, including the Deputy Minister and Assistant Deputy Ministers

# **Advisory Committee on Yukon Education- update**

Last year the committee:

- Worked on updating it's terms of reference and the Living in Yukon Thriving in Life Action Plan. This work will continue this school year.
- The committee formed working groups to discussing student voice in education, school growth planning, education performance indicators, and modernizing learning spaces in schools.

The committee will continue to meet during the 2019-20 school year to discuss the recent audit report recommendations and advise the department in its response.

# Clarifying Expectations...

**Focus in and Stay Curious**

**Taking Ownership**

**Getting Organized for  
Effectiveness**

# FOCUS IN AND STAY CURIOUS
